Nick,

I took "Increase TDD ceiling to \$15,000.00." to mean that you wanted to add \$5,000 in incremental funding to the TDD. If this is not what you intended, please let me know. Also, the route does not include Cora for review. If adding the incremental funding was what you wanted, please add Cora to the route. You may have to cancel the current route to do this, but I'm not sure. Thanks, and let me know if you have any problems.
